REQUISITE CUSTOM FIELDS

- Tools > Options > Library & Folders > Manage library fields
- Add new field

[Format Series] *Calculated*

Strips or replaces characters not supported by the windows file system

replace(replace(replace(replace(replace([Series],?,),:,/,),//,~),",'),*,●)

[Format Name] *Calculated*

Strips or replaces characters not supported by the windows file system

replace(replace(replace(replace(replace([Name],?,),:,/,),//,~),",'),*,●)

replace([Name],?,)
replace([Name],:,/,)
replace([Name],//,~)
replace([Name],*,●)
replace([Name],",')

[Edition] *String, standard edit type, enter manually*

For different releases of the same movie.

O:\Movies\The Gold Rush (1925)\The Gold Rush (1925) [Original Silent Version].mkv
O:\Movies\The Gold Rush (1925)\The Gold Rush (1925) [1942 Re-release].mkv

Eg. [Edition]=Original Silent Version

[Release Date] *String, enter manually*

This is used for Series only. It is entered as the year the series was first released. For example, if a series was released in 1991 and finished in 2000, [Release Date] would be 1991. This allows us to distinguish between shows with the same name (Office, Battlestar Galactica) which have had multiple releases. This can be found on TheTVDb on the main series page, or alternatively as the date listed on IMDb.

FIELD USE SUMMARY

[Media Sub Type]=Movie

Field Name	Field Type	Edit Type	Comment	Source
[Series]	Default	String	The name of the movie / title	Manual entry
[Name]	Default	String	The name of the movie / title 　Or the name of the extra (Trailer 1 etc)	Auto-import, Get movie/TV info [TMDb]
[Year] / [Date]	Default	Date	The original release year	Auto-import, Get movie/TV info [TMDb]
[Media Sub Type]	Default	String	Movie	Auto-import, manual entry
[Episode]	Default	Integer	For movies with parts. Enter '1', '2' etc	Manual entry
[Season]	Default	Integer	Used to specify extras: Set as 'X'	Manual entry
[Edition]	Custom	String	Used to indicate a particular release of a movie 　Eg. 'Original silent version' or '1942 Re-release'	Manual entry

[Media Sub Type]=TV Show

Field Name	Field Type	Edit Type	Comment	Source
[Series]	Default	String	The name of the series	Manual entry
[Name]	Default	String	The name of the episode 　Or the name of the extra (Interview etc)	Auto-import, Get movie/TV info [TheTVDb]
[Year] / [Date]	Default	Date	The original air date of the episode	Get movie/TV info [TheTVDb]
[Release Date]	Custom	String	The year the first episode was released	Manual entry (TheTVDb, IMDb)
[Media Sub Type]	Default	String	Movie	Auto-import, manual entry
[Episode]	Default	Integer	The episode number, as per TheTVDb 　Multiple episodes entered as '1,2' etc 　Specials: episode entered as per number listed on 　　'specials' page on TheTVDb entry 　If the special / extra is not listed on TheTVDb, enter 　　The episode as 'X'	Auto-import, manual entry
[Season]	Default	Integer	The season number, as per TheTVDb 　Regular season numbers entered '1', '2', '3' etc 　DVDs (multiple episodes) entered 'DVD' 　Extras entered 'X' 　Specials entered 'S'	Auto-import, manual entry
[Network]	Custom	String	The network the show is broadcast on	Manual entry (TheTVDb)

MOVIES

- Click on any movie > Library Tools > Rename, move, copy files
- Change the top drop-down to 'Rename' (moves files if directory changes)
- Check directories: Enter the base path you want your movies to go in (mine is O:\Film\ )
- Enter the above file path expression
- Check file name: Enter the above File Name expression
- Click 'Preset' > Save current settings as preset, and name it 'Movies'
- Now whenever you want to rename your movies you can use this preset

Standard Movie

O:\Film\Avatar (2009)\Avatar (2009).mkv

Film
   Avatar (2009)
    Avatar (2009).mkv

File Path
[Format Series] /([Year]/)

File Name
[Format Series] /([Year]/)

Movies with Parts

Enter the [Episode] as the part number ('1' or '2' etc)

O:\Film\Stalker (1979)\Stalker (1979) - Part 1.mkv
O:\Film\Stalker (1979)\Stalker (1979) - Part 2.mkv

Film
   Stalker (1979)
    Stalker (1979) - Part 1.mkv
    Stalker (1979) - Part 2.mkv

File Path
[Format Series] /([Year]/)

File Name
[Format Series] /([Year]/) - Part [Episode]

Movies with Special Editions / Releases

Enter [Edition] as the release type ('Director's Cut' or 'Original Silent Release')

O:\Film\The Gold Rush (1925)\The Gold Rush (1925) [Original Silent Version].mkv
O:\Film\The Gold Rush (1925)\The Gold Rush (1925) [1942 Re-release].mkv

Film
   The Gold Rush (1925)
      The Gold Rush (1925) [Original Silent Version].mkv
      The Gold Rush (1925) [1942 Re-release].mkv

File Path
